

What Happened? Unintended Results of Decisions We Make

A safe flight requires good decision making. That sounds easy but often other things - passengers, weather, navigation issues, aircraft issues and most of all, our desire to complete the flight as planned - distract us and ultimately lead to an action or decision we may not have made under other circumstances. Enjoy the Annual Fall Fly-In, Car Cruise In, Food, Static Displays, and Unique Aircraft from 8:00 AM - 3:00 PM
